

SEPTA PZ Express Train Ride

UPDATED 04/2024

All aboard the SEPTA PZ Express

The PZ Express Train is located at the south end of the Philly Zoo. We can get there by following the map.

PHILADELPHIA ZOO

During our train ride, there may be times when there is a lot to see, hear, or smell.

If it is too bright and hurts my eyes, I can wear sunglasses or cover my eyes.

If it is too loud, I can wear headphones or cover my ears

If something smells bad, I can hold my nose or cover my nose with something that smells good.

Line at PZ Express

We might have to wait in line for the ride.

While we wait I will hear the music playing around the area, the bell or horn from the train, I might also see and hear other people walking around, maybe I will even hear birds at the Wings of the World area next to the train.

Riding the PZ Express

After our tickets get scanned we will pick a train car to ride in. Each car can fit about two riders, but if I am small enough I can sit on a parent or guardian's lap.

It is important to remember that I am sitting down the whole ride and to keep my arms, legs and head inside the car at all times.

If I am under 40" inches tall, one adult can ride with me without their own ticket.

Riding the PZ Express

When the train starts moving, I will hear the train bell ring.

I might also hear the driver honk the horn. The driver also has a microphone and might make a joke.

The train will go around the inside and outside loops twice. The ride takes about 2 minutes.

Leaving the PZ Express

Once the train stops the driver will come out to open the door for us. I'll need to watch my head when I step out of the train.

After I exit the train, the driver will let us out of the fenced area. From there I can either explore more of the Zoo ,or go home. What a great day at the Philadelphia Zoo!
